

Product Change Notice

PCN #: BE080319

Date: March 19, 2008

Re: VIPAC and VIPAC Array Systems

To Our Valued Customers:

We appreciate your use of Vicor VIPAC and VIPAC Array systems. The purpose of this notice is to inform you of a change in the color of the product.

PCN Type:

Notice of a change in the appearance of the product. There will be no change to form, fit or function.

Product(s) Affected:

This change will affect all products in the VIPAC family, including the VIPAC Array ('VA-' part number prefix), AC-DC VIPAC ('VP-' part number prefix), and the 28 V MIL-COTS VIPAC ('MVC-' part number prefix).

Proposed Changes:

Due to component availability constraints, all VIPAC products will undergo a change in PCB color, from black to green. See photos below for examples of the change:

Current PCB Color - Black

Future PCB Color - Green

VIPAC Array example

Current PCB Color - Black

Future PCB Color - Green

28 V MIL-COTS VIPAC example

This change is in the appearance of the product only and will not affect the functional performance of the system.

Effective Date of Change:

All VIPAC products ordered after April 11th, 2008 will have the new green PCB.

Customer Impact:

The impact of the change is only related to the color of the PCB and will not affect the form, fit, or function of the VIPAC products.

Reliability/Qualification Summary:

This change is in appearance only and reliability is projected to equal or exceed that of the previous design.
